## Introduction

*Collection title:* Salvin papers

*Reference code:* GB-0033-SAL

*Dates of creation:* The documents span 1577-c.1899 but are mainly 18th and 19th century

*Extent:* 4 boxes, 6 rolls: (1.5 metres)

*Repository:* Durham University Library, Archives and Special Collections

*Creator:* legal papers of Salvin family from Co. Durham, but covering estates over a wider area.

*Language of material:* English

## Contents

Papers of the Salvins [once a recusant family] with estates at Croxdale and elsewhere in Co. Durham, Yorkshire and London. Also concerned are Cheshire, Derbyshire, Essex, Kent, Lancashire, Sussex, Westmorland and briefly France and the Dutch East Indies (Curacao).

The documents are concerned mainly with title to property, deeds, abstracts, marriage settlements, wills, receipts and papers about legacy payments and administration of estates, shares, tax, lawyers charges, legal papers and awards, opinions, there is a group of pedigrees (the rolls) but little personal material.

A few deeds are in Latin.

## Accession details

Deposited with the Historical Manuscripts Commission on 11 December 1957, listed by the National Register of Archives before or after then, when owned by Miss A.M. Calverley [c/o Barclays Bank, 137 Brompton Road, London SW3] and sent by the H.M.C. to Mr. M.A. Jack at the Prior's Kitchen (n.d.).

## Arrangement

The list organises the collection by the nature of the material, and supplies a sequence of numbers. These numbers are not actually used in the ordering of the papers, which have been kept in their original bundles. Every description ends with a three part number, which represents box, bundle and item, separated by solidi. This number should be used both to reconstruct the sequence of the collection as it was deposited, and to refer to individual items. Thus the first item is in box 1, bundle 8 and is item 12, and should be referred to as 1/8/12 (1).

## Form of citation

The form of citation should use the code GB-0033-SAL, or the collection name Salvin papers, followed by the reference number in the form *box number/bundle number/item number*

To order items in the searchroom, use the collection reference code(s), derived by removing the repository code (GB-0033-), followed by the reference number. Citing the section of the finding aid is useful.

Add.MS. 1071 Letters relating to the family of Anthony Salvin (1799-1881)

Add.MS. 1508 Sketch book of Anne Salvin (1820s-1830s)
