Introduction

Collection title: Church Commission records (Cathedral Estates): 1956 deposit (documents arranged by year)

Reference code: GB-0033-CCD/D/1956

Dates of creation: 1722-1799

Extent: XXX metres

Repository: Durham University Library, Archives and Special Collections

Creator: estate records for property formerly held by the Dean and Chapter of Durham and transferred to the Church Commission

Language of material: English

Contents

The material in the Church Commission deposits relates to the properties of the Dean & Chapter of Durham taken over by the Ecclesiastical Commissioners for England [ECE], mainly in 1870. This schedule lists counterpart leases which had been arranged in yearly bundles by the Ecclesiastical Commissioners. See also separate schedule of leases which had been arranged by place, many of which will relate to the same properties as the leases within the yearly bundles listed here.

In taking over the greater part of the Chapter estate the Commissioners removed to London the counterpart leases relating to individual properties dating back to 1722, leaving older material in Durham (where they remain in the Dean and Chapter muniments); virtually all these properties had been among the endowments of the medieval cathedral priory, most since the twelfth century. The arrangement of the principal deposit follows two patterns: groups of documents concerning the same property, some dating from as early as the 1720s, and a block of material arranged chronologically for the period 1722 - 1799 (Bundles 77-251) regardless of the property involved. A similar, but less clear, pattern applies to the 1981 deposit.

The bulk of the material in the list of the 1981 deposit relates to the main estate of the Dean & Chapter. Some, however, relates to property that belonged to one of the prebendal estates, "canonries", as indicated; also material concerned with both bishopric and chapter property, which is kept elsewhere, with the bishopric deposit.

Accession details

Deposited at Durham by the Church Commission in 1956, with occasional recalls or returns of documents to and from them.

Arrangement

The material is kept in the order in which it was deposited. Every document was assigned a number by the Commissioners, generally comprising six digits. The 1956 deposit consisted of bundles of documents (which do not always contain a single run of documents, and can often consist of many bundles to one sequence), and so reference to these items should include the full references shown in this list, incorporating year of deposit, bundle number and document number.

It will be noticeable that some items are marked as not received, or subsequently recalled by the Church Commission. Where property issues are still current, or revive, it is possible that records will be retained or recalled - in more recent times a photocopy may be retained at Durham. Some of the material received in 1981 fills gaps in the 1956 deposit, or is of later material relating to the same property.

Form of citation

The form of citation should use the code GB-0033-CCD, or the collection name Church Commission deposit of Durham Dean and Chapter estate records, followed by *reference number*

To order items in the searchroom, use the collection reference code(s), derived by removing the repository code (GB-0033-), followed by the reference number. Citing the section of the finding aid is useful.

Counterpart Leases 1722

CCD/D/1956/77/260355 7 March 1722
 Wm Alderson: counterpart lease - Relley Walk Mill

CCD/D/1956/77/260356 6 September 1722
 Margaret Arrowsmith: counterpart lease - House at Gateshead

CCD/D/1956/77/260357 12 November 1722
 Berwick Corporation: counterpart lease - Rectory
